

# Austin Area Hospitals and Medical Centers

Alamo Title

**In Austin St. David's Healthcare Partnership and the SETON Healthcare Network provide acute care and emergency services through full-service hospitals throughout the area. Specialty hospitals in Austin and Central Texas focus on research, education, and treatment for cancer, cardiovascular disease, mental health and addictions, rehabilitations for brain/stroke/spinal cord injuries, and special services for women, children, and the uninsured or underserved of Austin.**

#### Brackenridge ER Austin Texas

Austin's only Level II trauma center is also the only hospital in Austin TX accepting patients without insurance. And that is endangering the lives of those people most in need of emergency treatment.

#### SETON Healthcare Network

In addition to Brackenridge, Children's Hospital, Seton Medical Center, and Seton Northwest there are facilities all around the area servicing Cedar Park, Pflugerville, the Highland Lakes, and other parts of Austin.

#### St. David's Healthcare Partnership

North Austin, Round Rock, St. David's, South Austin Medical Center and the Children's Hospital of Austin are the four acute care hospitals of SDHP. The Specialty hospitals are the Rehabilitation Hospital and Pavilion.

#### Austin Heart

This cardiology group provides consultative services for primary care physicians and they have over two dozen offices all over Austin and Central Texas including Georgetown, Killeen, Marble Falls, Lampasas, and San Marcos.

#### Austin Recovery

Provides detox and 30/90 day residential programs for alcohol and chemical dependency. Located in the Old Charter Hospital.

#### Austin State Hospital

ASH provides Adult Psychiatric Services, Specialty Adult Services, and Child and Adolescent Psychiatric Services with multiple units serving each group.

#### Bailey Square Surgery Center

This member of the St. David's Healthcare Partnership specializes in outpatient surgery.

#### Brackenridge Hospital

Part of the SETON Healthcare Network, Brackenridge offers acute care and outpatient services. Brackenridge ER is the only Level II Trauma Facility in Central Texas and one of the first hospitals in Texas designated as a Primary Stroke Center.

#### Cedar Crest Foundation

This private facility provides services for "at risk" children and youth throughout Texas.

#### Children's Hospital of Austin

Devoted exclusively to the care of children, they are the only dedicated pediatric medical facility in a 46-county region, offering world-class specialty care for families throughout Central Texas. The care teams utilize innovative technology and pediatric medical expertise in the advancement of health care for all children, providing safe, high-quality, compassionate care for the prevention and treatment of childhood illness and injury. It's a department of Brackenridge Hospital.

#### Georgetown Healthcare System

Get a full-service hospital, 24 hour ER, cancer treatment center, and inpatient/outpatient services in the Georgetown area.

#### Healthsouth Rehabilitation Hospital Austin.

Inpatient/outpatient rehabilitation facility for: brain injury, restorative neurology (stroke), orthopedics, spinal cord injury, and industrial and pulmonary rehabilitation.

#### Heart Hospital of Austin

Cardiovascular Disease - its diagnosis and treatment - are the focus of this specialty hospital at 38th and Lamar at the Central Park shopping center.

#### MD Anderson Cancer Center

They are working to eliminate cancer with services that include cancer treatment, clinical trials, referrals, research, and education.

#### North Austin Medical Center

This full service hospital is a part of the St. David's Healthcare Partnership.

#### Oakwood Surgery Center

Part of the St. David's Healthcare system, this Outpatient surgery facility is in Round Rock.

#### People's Community Clinic

They provide care for uninsured and underinsured adults and children of Austin including prenatal,

family planning, adult primary care, pediatrics, immunizations, WIC, and social work services. Round Rock Medical Center Serving Williamson County and other nearby residents, it is located on FM 620, off IH-35.

#### Seton Medical Center

Seton Medical Center is the largest medical/surgical acute care center in Austin, with specialty programs including the Seton Heart Center, the Seton Cancer Program and the Marialice Shivers Regional Neonatal Center.

#### Seton Northwest

This North Austin location is a full-service hospital in the SETON Healthcare Network.

#### South Austin Medical Center

This full service, private hospital is on West Ben White Blvd.

#### St. David's Medical Center

At 32nd Street and I-35 near downtown, you'll find a full range of services including cardiology, Assisted Reproductive Technologies, women's health services and Neo-Natal Intensive Care Unit.

#### St. David's Occupational Health Services

Hurt on the job or need a pre-employment exam? Those are some of the services here.

#### St. David's Pavilion

It's a private mental health facility with inpatient and outpatient services offering specialized psychiatric care for adults ages 55 and over who receive Medicare.

#### St. David's Rehabilitation Hospital

Services include a Brain Injury Program, Stroke Program, Spinal Cord Injury Program, Aquatic therapy and a Wheelchair Fitness Program.

#### UT at Austin University Health Services

You can expect the same types of services here that you can get from your family doctor... and much more. The healthcare providers are licensed, credentialed medical doctors, physician assistants, certified nurse practitioners, and behavioral health consultants supported by a highly skilled staff of physical therapists, medical technologists, radiological technologists, pharmacists, licensed chemical dependency counselors, registered dietitians, professional health educators, and approximately 30 nurses. Available to staff, students, and faculty.
